**New Congresswoman To Be Guest of Kappa Beta Pi**

Representative Jessie Sumner of Illinois will be the honor guest and speaker at a luncheon given by Province Two of Kappa Beta Pi, international legal sorority, at Woodward & Lothrop's tea room at 1:30 Saturday. The new Congresswoman, who is a member of Delta Chapter of Kappa Beta Pi, was welcomed to Washington by Mrs. Anna Moulton, province dean, in behalf of Kappa Beta Pi. She will be the first woman in the United States to be elected to Congress in 1938. Since then the women of Kappa Beta Pi have followed the voting habits of the women of the country, with more than 90 percent voting in the last election. In fact, the organization has been consistently ahead of the country in its voting habits and is now included in the list of the 10 most influential women's organizations in the country. A graduate of Smith College, Judge Sumner was the first American woman to study law at Oxford, continuing her law course at Columbia University and the University of London, where she became a member of Delta Chapter of Kappa Beta Pi. She was admitted to the Illinois bar in 1923, and has practiced law for 14 years in Chicago and Milford, Ill., her home town.

**Kappa Beta Pi to Honor Rep. Jessie Sumner**

When the Women's Bar Association of the District of Columbia, which numbers some 500 Portals, holds its 22nd annual banquet on February 8, speaking honors are expected to be bestowed upon Frank J. Hogan, president of the American Bar Association, and Representative Jessie Sumner of Illinois. Judge Sumner, as she prefers to be known, is the only new Congresswoman on the executive committee, and Representative Sumner, representing the 12th District of Illinois, will be the only representative of the Illinois women now on the executive committee. Judges Hogan, Representative Sumner, and all the other members of the executive committee, are all graduates of the University of Chicago, and all are graduates of the University of Illinois. The executive committee, as a whole, is representative of the whole country, and the executive committee of the Women's Bar Association, as a whole, is representative of the whole country.

**Women's Bar to Hear Hogan at Banquet**

Frank J. Hogan, president of the American Bar Association, will be the guest of honor and principal speaker at the 22nd annual banquet of the Women's Bar Association of the District of Columbia, to be held at the Washington Hotel on February 8.

The program, as announced yesterday by Miss Anna B. Matthews, president of the women's group, includes the presentation of the United States Court of Appeals and the District Court, by the judge.

DEATH CLAIMS
JUDGE SELLERS, CLASS OF 1913

Washington's first woman judge, Kathryn Sellers, distinguished alumna of the college, and former faculty member died at her home on Thursday, February 23.

Judge Sellers had been in ill health since she broke her hip in a fall in her home some seven years ago. Despite her injury, however, she had remained active as judge until her retirement in February, 1934.

A native of Ohio, Judge Sellers received a high school education in Marysville; later she was taught by private tutors. She graduated from the college with the degree of Bachelor of Laws in 1913 and received her Master of Laws degree in 1914. She served as a member of the faculty for seven years.

Originally appointed to the judgeship of the Juvenile Court by President Wilson in 1918, Judge Sellers had the distinction of being the first woman to be appointed a judge of a court in the United States. Keenly interested in preventing child delinquency and crime, she framed many of the rules of procedure and policy under which the Juvenile Court now operates.

Prior to her appointment Judge Sellers had a wide and varied experience in the government service. She worked at the United States Weather Bureau from 1891 to 1900 and was the first woman ever to take the meteorological entrance examination there. From 1900 to 1911 she worked at the State Department as a library assistant and compiled the "Chronicle of International Events," the "History of the Nature of International Law," and "The American Journal of International Law."

From 1911 to 1918 she was bibliographer and librarian for the Carnegie Endowment for International Peace.

During the World War Judge Sellers returned to the State Department as a dollar-a-year worker, in charge of the card index of the confidential information service.

Judge Sellers was active for many years in the woman suffrage movement, participating with Dr. Ellen Spencer Muese, one of the founders of the college, in the activities of this group responsible for the political freedom of women. She served from 1910 to 1912 as president of the College Equal Suffrage League.

Judge Sellers was also a member of the American Law Institute, the District of Columbia Women's Bar Association, the Women's City Club, and from 1924 to 1927 was a member of the District of Columbia Board of Charities.

Kappa Beta Pi

Pursuant to a joint resolution passed by Congress establishing the United States Constitution Sesquicentennial Commission, for the celebration during a period of two years of the signing of the Constitution of the United States, Elizabeth Reed, as grand dean of Kappa Beta Pi International Sorority, called on each and every chapter to observe this occasion some time within the two years.

At the regular monthly meeting of epsilon Chapter, held at the home of Helena Dooey Reed on February 17th last, the educational program fulfilled this desire of the Grand Dean. It was presented by Mrs. Burnita Shelton Matthews, prominent attorney, member of the Faculty of this college, and active in the Women's Bar Association, both locally and nationally. She divulged in absorbing manner many of the intimate incidents occurring during that tense period when the Constitution was in the process of creation, and stressed the qualities of our Constitution which make it immortal. Following this, Dean Wittmer presented to Grand Dean Elizabeth Reed a proclamation signed by the President of the United States, and a framed certificate from the commission in recognition of her participation in this celebration.

It was a most impressive program and served to remind us of the awe and esteem which we owe the framers of our Constitution, and which we are so wont to take for granted.

Kappa Beta Pi ‘Tag-Alongs’ Make Slogan, ‘On to Estes’

Husbands, Brothers and ‘Boy Friends’ of Legal Fraternity Members Hope to Get Big Delegation to Attend Convention

“On to Estes” will be the slogan of the men’s auxiliary to Eta Alumnae Chapter of Kappa Beta Pi. National legal sorority, at convention time in July. This was decided last night at a session upstairs in the residence of Warren Faircloth, husband of Olive Geiger Faircloth, an active member of the auxiliary.

The group, which includes husbands and brothers of Kappa Beta Pi, with “boy friends” eligible to associate membership, meets at the same time and place as the alumnae chapter. It holds separate sessions until the hour of refreshments, when the auxiliary members join the Kappas.

The auxiliary was formed at the international Kappa Beta Pi convention at the St. George Club in Quebec, in 1937, by a handful of husbands who had accompanied their wives to the conclaves. Among them were Louis Moulton, husband of Anna Moulton, and Hastings P. Avery, husband of Edwina Avery. They were included in all the social functions of the convention and had such a good time they decided to promote the idea of an auxiliary, both local and international.

Most of the husband members, like their wives, are attorneys, but they need not be, to be eligible. By-laws of not too serious a nature have been drawn up by the Washington auxiliary. The office of "chief priest of the bar" is held by Mr. Moulton, and that of "keeper of the court" by Mr. Avery.

While their wives and sisters discussed selection of delegates and other convention plans last night, the auxiliary members went into a huddle over their program and plans for winding up a large attendance. The fact that the Kappa Beta Pi are meeting in Estes Park just prior to the American Bar Association convention in California in July makes it probable that a large delegation of auxiliary members, bound for California, will stop at Estes to be on hand for the dinners, dances and other parties of the sorority convention.

Entirely off the record—the attendance at the Eta Alumnae Chapter meetings has picked up notably since husbands, brothers, and "boy friends" have been allowed to tag along.

March the Fourteenth
1939
Dear Washington

By Helen Essary

WHAT sort of a person is this Florence Elinwood Allen? This Judge Allen of Ohio who may some day be the first woman Justice of the Supreme Court of the United States?

This woman who leads all other jurists of her sex, this Portia of the Prairies—is she solemn, is she so smart she'd terrify a simple bridge and golf playing citizen? Do women like her? Or do they stand off with that lack of sex solidarity which, they sometimes show when one of their own sex has got ahead, and say coyly, 'I don't think the time has come for a woman on the Supreme Court.'

Florence Allen is about 77 kinds of a woman. But always she is the kind who knows what she is after. She has written tender, haunting poetry. She has sentenced a pay roll robber and murderer to die. After passing this sentence she walked over to the jury and said, 'I want you to know that I am opposed to capital punishment, but that I have not allowed any computation in doing my duty as you have done yours under the law as it now stands.'

She would have made a pianist her career after two years' study in Berlin, but an injury to a nerve in her arm caused her to turn to the law. She now plays Beethoven, Brahms, Bach and Chopin three hours a day when she is at home in Cleveland. Yet she has sent a fellow judge to the penitentiary with a stern warning.

JUDGE ALLEN

"The law is also made for Judges to observe."

No frustrated female is sturdy Florence Allen. Her shrewd eyes twinkle through spectacles. Her mouth smiles easily. Her short hair has an unorthodox stand-upliness. Although she has never married, she looks like an emancipated grandmother (she will be 55 on March 22). Who, nevertheless, makes good jelly and sends boxes of cookies off to the children at school. She has battled her way to the United States Circuit Court of Appeals, the highest judicial office held by a woman in the United States.

ACTUALLY Florence Allen is not a Portia of the Prairies. She was born in the mountains of Utah, where women are individuals. They have had to be in order to survive the Mormon patriarchs. Her father, a Greek professor, a member of the State legislature and a noteworthy liberal candidate for Congress, came to Salt Lake City from Pennsylvania.

Her Utah girlhood friends remember her as a husky little girl who roamed the Osage Mountains, wrote plays for the neighborhood gang, read second year Latin and first year Greek before she was 10 and cried with disappointment at 17 because her prize for Sunday school attendance was a copy of nursery rhymes when father had been reading her Homer in the original Greek for two years.

It was no surprise when she fought for suffrage and defended the rights of immigrants and later turned her mind to the advocacy of peace.

IN ANSWER to that question, do women want Florence Allen on the Supreme Court—they do—all kinds of women. Professional women, home women and party-go ing women speak up promptly and say "why not?" The American Association of University Women, the man's division of the Democratic national committee, the Associations of Business and Professional Women, the Women Lawyers of New York city, the District of Columbia Bar Association (Judge Annabel Matthews, president)—these are a few of the organized groups urging her appointment.

Among the influential law makers, Senator Borah and Senator Norris are her supporters.

The Sorority Spirit

The fraternity system, with its background of one hundred and fifty years of American college life, has made a contribution of immeasurable value in the development of leaders in every day affairs. The training and experience of fraternity life has been an invaluable preparation for the larger responsibilities that come to those who assume leadership in the organized activities of today.

If the fraternity system accomplished nothing except to make possible the enduring friendships that are so characteristic of the system, it would justify its existence. The ability to work with others; to be tolerant of the opinions of others even though they differ from our own; to be loyal to our associates—that is the true sorority spirit—the spirit of Kappa Beta Pi.

District Women's Bar Group Installs Officers at Tea

Mrs. C. Willison Host; Mrs. Helena D. Reed Honor Guest

By VYLLA F. WILSON

Members of the Women's Bar Association of the District of Columbia and Province Two, Kappa Beta Pi, International Legal Sorority, met at the home of Mrs. Clare Willison yesterday for a tea in honor of Mrs. Helena Doocy Reed, newly elected president of the Women's Bar Association. The tea was for the benefit of the proposed national headquarters of Kappa Beta Pi in Washington.

The members of Kappa Beta Pi are very proud that one of their number should head the women's bar in the District, which includes in its membership some of the most prominent women members of the legal profession in the country. Mrs. Reed is the first and only woman lawyer in the District to hold the title of assistant trust officer of a bank.

Sorority's Colors Used in Decorations

Mrs. Willison received her guests in a costume of pale pink lace. She wore a corsage of blue and gold flowers. The tea table set among the roses in the garden had large baskets of blue and gold flowers, the colors of Kappa Beta Pi, in the center.

Among those presiding at the tea table during the tea hour were Mrs. Anna Moulton, dean of Province Two; Miss Elizabeth Reed, grand dean of Kappa Beta Pi; Mrs. Grace Brown Stiles, grand registrar of Kappa Beta Pi and Miss Marguerite Rawlins, director Province Two.

Among the honor guests were Judge Ellen Raedy, Representative Jessie Sumner, Mrs. Olive Geiger Faircloth, corresponding secretary of the Woman's Bar Association; Mrs. Vernon Parsons Young, treasurer of the Woman's Bar Association; Miss Georgia Alexander and Mrs. Edwin Avery, members of the Board of Directors of the Woman's Bar Association.

Patrons and Patronsesses of Groups Present

Patrons and patroonesses of the four local chapters of Kappa Beta Pi, including many prominent members of the local bench and bar, were also present.

The ceremony of the installation of the new officers of Eta Alumnae Chapter took place in the garden before the tea.

The new officers of Eta Alumnae Chapter are Miss Grace Dawson, dean; Miss Annie Perry Neal, associate dean; Miss Katherine Markwell, recording secretary; Miss Thais Spencer, corresponding secretary; Almynence Horgan, treasurer; Miss Margaret Farmer, marshal, and Miss Carrie Hunter, historian.

Speakers at Women’s Bar
Back Public Defender System

Approval of the public defender system was voiced last night by three speakers at the meeting of the Women's Bar Association in the Mayflower Hotel.

Senator Capper of Kansas, who sponsored measures to authorize appointment of a public defender in the District and selection of similar officials in other courts, declared the public defender proposal has received widespread support. The Senator read a letter from Supreme Court Justice Frank Murphy, written when he was Attorney General, which expressed approval of the public defender principle.

Frederick Ballard, representing the District Bar Association, told the group he felt the public defender would provide more opportunity for equal justice under law for all people.

Under the present arrangement, he said, where the court assigns lawyers to pleaded cases, the action either falls into the hands of inexperienced young lawyers or older lawyers occupied with their own practices. Alexander Hattan, special assistant to the Attorney General, was the third member of the panel discussing the public defender plan. The speakers were introduced by Miss Catherine Young, chairman of the Legislation Committee. Miss Elizabeth Reed, chairman of the Committee on Recommendation for Appointments to Public Office, stated the Executive Committee had approved unanimously a resolution asking for the retention of Judge Fay Bentley as Juvenile Court judge.

Woman Legislator Runs on Record

By JOHN M. JOHNSTON

A BRIGHT-EYED Irish girl, with a smile that is contagious itself, told the voters with conviction and enthusiasm that she thought she had something to give to the office of state representative.

The voters were persuaded, and for two years Miss Margaret Mahoney — accent the first syllable, please — has applied herself with open-minded diligence to representing Cuyahoga County.

She is a candidate again this year, and on the basis of that record she has the confidences of civic agencies that she had two years ago on the basis of character and possibilities.

A Democratic woman lawyer, her achievements are based on a liking for social, economic and legal studies and a capacity for hard work. Her demonstrated capacity for taking care of herself handily in legislative affairs stems from a ready wit and self-composure.

DURING her campaign she encountered some sentiment to the effect that women's place was in the home. She met it by proclaiming that her aspirations for office would be abandoned if anybody would marry her. The returns placed her at the head of the ticket, the only woman in the delegation.

She has been a tireless worker in civic organizations. She was chairman of the committees on labor legislation of the League of Women Voters, legislation chairman of the Cleveland Deedery, National Council of Catholic Women; state legislation chairman of the Catholic Daughters of America, director of the Kappa Beta Pi legal society, members of the Ohio Bar Association, Cleveland Bar Association, Cuyahoga Bar Association, Woman Lawyers Club, Business and Professional Women's Club, and so on.

One of her pet measures in the Legislature was a bill to deny to Ohio courts any civil jurisdiction in alienation of affections, breach of promise or seduction suits. Her bill would also bar identification by name of any co-respondent in divorce actions, except by court order.

AFTER Miss Mahoney graduated from St. Columbkille's School she had to obtain work. She took night stenography courses, night school, college and finally a law degree, the while she was rising to be department manager in one of Cleveland's largest industries. With those achievements came contacts with the city's notables who said of her, when she became a candidate, "she is conscientious, stands by her convictions, and would make an independent and fearless representative."

She lives at 2923 Kingston road, where she indulges her two hobbies — entertaining and cultivating a tulip garden.

CREAM OF THE CROP

THE Press has printed in full its recommendations for the Legislature and will reprint them in full again.

We wish to call attention to some of the candidates who impress us most favorably and to urge special consideration for them.

For the Senate

On each party ticket there are four candidates for the Ohio Senate who are outstanding.

On the Democratic side they are:

John J. Collins, attorney, special assistant to the attorney general, 1937 to 1939.

Hugh McNamee, former state representative and former assistant United States district attorney.

James Metzenbaum, former member of the State Senate, former member of the School Board, former member of the Cleveland Zoning Board.

Charles Vanik, who recently completed a term of excellent service in City Council.

On the Republican side:

Leo M. Ascherman, just completing an excellent first term in the Senate.

Harry E. Davis, member of the House from 1926 to 1928, and of the Civil Service Commission, 1928 to 1934.

Stephen H. Hazelwood, member of the Metropolitan Park Board.

Kingsley A. Taft, member of the House from 1932 to 1934.

For the House

Among the outstanding candidates for the House are two women. They are:

Margaret A. Mahoney, Democrat, considered by some Columbus observers to be the most effective woman office holder ever served in the Ohio Legislature.

Marjorie Jamison (Mrs. Robert H.), Republican, active clubwoman, leader of many civic movements.

On the Democratic side, three members besides Miss Mahoney deserve re-election. They are:

Harry J. Dworkin, Ludy Huml, and Michael P. O'Brien.

On the Republican side, the present members, all deserving re-election, are Martin E. Blum, William F. Eirick, Chester Gilespie and William E. Minshall Jr.

The Eighth Biennial Convention of Province II, Kappa Beta Pi Legal Society, will convene on Saturday, June 15, 1940, at the Mayflower Hotel, at 10 A.M. The meeting will adjourn for luncheon in the Mayflower Grill at 1:00 P.M., and a dinner will be held that evening in the Pan American Room at T.P.M., at which Mrs. Ruth delFrey Lamb, of the Food and Drug Administration, will be guest speaker. Among other business there will be election of Province Officers and installation, and discussion of the national program to be recommended, so it is expected that there will be a large and representative attendance of Kappas.

Epilson Chapter celebrated its twenty-fourth birthday in a dinner party at the Mayflower Hotel on Saturday, May 11th. Guest of honor included Elizabeth P. Reed, Grand Dean and Grace Brown Stiles, Grand Register, of Kappa Beta Pi, and Assistant United States Attorney for the District of Columbia, and Helen Dooey Reed, Past President of the Women's Bar Association, District of Columbia. Epilson's Dean Anna Newell was presided and Nellie Wall Burney introduced The Honorable Gordon Evans Dean, Special Executive Assistant to the Attorney General, who was guest speaker of the evening. Mr. Dean has juridiction over press relations for the Department of Justice and is a recognized authority on Criminal Jurisprudence, having written a number of articles in that field and having lectured on that subject at American University. Mr. Dean who was formerly Professor of Law and Assistant Dean of Law at Duke University, presented a most timely and interesting talk on Freedom of the Press and Freedom of Speech, pointing out the present special need for serious thought on that subject, in view of its suppression and wholesale censorship and distortion of news prevalent in today's warring countries.

Anniversary of Important Event in Life of Miss Berinece Weener, Member of Local Business & Professional Women's Club, Is Recalled by Friends in Washington, Who Witnessed the Ceremony.

Washington, D. C., Oct. 8 (Special to the Business Women's Edition)—A year ago this week an event took place here that was of great significance to Miss Berinece Weener, a member of the Independence Business & Professional Women's Club, and her friends in that organization. She was admitted to practice before the Supreme Court of the United States.

Friends of Miss Weener, living here, recalled the event today when they received word of the special edition of The Examiner to be issued by the Independence Club in connection with the observance of National Business Women's Week.

Miss Weener was recommended to the court by Congressman C. Jasper Bell and Judge Ed Setzer of Kansas City, both of whom are members of the Missouri Bar Association. She was presented to Chief Justice Hughes and his associates by Miss Elizabeth Reed of Washington, who is a member of the Supreme Court Bar.

Miss Weener was graduated from the Kansas City School of Law in 1931 and took a post graduate course in 1937. She was admitted to the Missouri Bar in 1931. For the past three years she has served as chairman of the board of directors of Kappa Beta Phi, legal society.

With the vacation season over, members of Epsilon Chapter are looking forward to a busy winter. At the September meeting held at Mrs. Elizabeth Cobberly’s on September 20, the year’s series of meetings and social functions will be planned.

The summer proved an excellent time for informal get-togethers of Kappas. Members of Epsilon Chapter were the guests of Justice David A. Pine, at a tea held in their delightful home on Sunday, June 22. Justice Pine, an Associate Justice of the United States District Court for the District of Columbia, is a patron of Epsilon Chapter. We were also happy to have with us on that occasion our other patrons and their wives, Justice and Mrs. F. Dickinson Letsis, and Justice and Mrs. Harold M. Stephens, as well as the Grand Dean of Kappa Beta Pi, Elizabeth F. Reed, the Grand Regent, Neral Grace B. Stiles, and Mrs. Helen D. Reed.

Initiation and installation ceremonies were held at the Shoreham Hotel on June 22. On a pleasant Saturday in August, Elizabeth Reed entertained the members of Epsilon Chapter with a luminous luncheon served in the inviting garden of her home. Members present enjoyed the delicious food, exchanging vacation notes, and the pleasant talk made by Margaret and Adams Salisbury, who had attended a Kappa Convention last year. The party also turned out to be a farewell to Helen Waters, who sailed on August 22 for San Juan, Puerto Rico, where she will be in legal work with a branch of the Wages and Hours Administration.

Yale Professor Tells Bar of War's Effect

A plea for the lawyers of the country to lead the nation in "intelligent, thoughtful and temperate" contemplation of the serious problems facing the United States was made to members of the Cleveland Bar Association last night by Prof. James Grant Rogers of the Yale University Law School.

Prof. Rogers, former assistant secretary of state under President Herbert Hoover, said the present-day threat to American democracy was not one which could be overcome by careless, thoughtless following of "banners and slogans."

Before a large group of the bar association members at Hotel Alberton, he told of his experiences in Germany immediately before the outbreak of the war and of talking to German people and Nazi party leaders.

"They see the only hope of peace in Europe lying in the defeat of Britain as the ruling power of the continent and the extermination of certain minorities they deem non-contributory to the culture and civilization of the world and partly, minimally and humorously, made."

Another honored at the dinner meeting was Miss Margaret Mahoney, recently re-elected state representative by the largest vote ever received by any of the candidates for that office. Miss Mahoney was cited for having achieved unusual success for a woman in business, for having studied in spare hours in order to prepare herself for the state bar examination, and after having passed, for having engaged in a successful and respected legal practice.

Willkie Urges Discussion, but No 'Vilification'

Cites Danger to Democracy, Asks Full Aid to Britain, Leads Toast to President

Wendell L. Willkie told a nationwide radio audience last night that only by vigorous and free discussion of the problems facing this nation can democracy survive the dangers that beset it. But he advised the many thousands of men and women who heard him to put aside personal bitterness and vilification, which he called evidence of adolescent thinking.

Mr. Willkie, the Republican Presidential candidate in the recent election, spoke before 3,600 persons, said to be one of the largest hotel gatherings ever assembled in New York City, at the thirty-sixth annual dinner of the National Interfraternity Conference, at the Hotel Commodore. He concluded with this toast: "I would like to ask all of you to rise while we drink, drink to the health and happiness of the President of the United States."

The audience rose, cheered and raised glasses that contained water.

Mr. Willkie's speech was heard nationally over the Red network of the National Broadcasting System, with WEAP as the local outlet. Introduced by Lowell Thomas as toastmaster, Mr. Willkie started his speech with several jocular references to the recent campaign. In one such reference, he said: "I recently received a letter from a friend of mine down in Mississippi, and he was complaining of the outcome of the election. He said, 'If every county in the United States had shown the same percentage of increase for the Republican candidate that my county did, you would have been overwhelmingly elected.'"

In 1936 the Republican candidate in this county received two votes, in 1940 you received three." (Continued on page 2, column 2)

No Help in Reaching Decisions

Much characterization, such as words, do not help this great people in this difficult time to arrive at proper and wise decisions. My faith in democracy is such that I believe in the collective judgment of the people, after listening to both sides, may be wiser and better than those, whoever they may be on either side, who think the wisest course of discussion is to destroy your opponent, rather than answer his argument.

Asking everybody in his audience to “join in elevating the level of American public discussion so that America may play its true part in this historic and all-determining time in the world’s history.” Mr. Willkie said this country, “the one remaining great democracy, the one country where liberty still survives, must show the world not alone by precept but by example that democracy is not alone the most pleasant way of life, but is also the most effective way of life.”

“We must so lead the world in the next few years, he said, “that peace again will come—not the peace of appeasement, but a peace in which democracy will survive, in which the trade routes of the world will once again be open, because the birds of commerce carry with them the peace of democracy and individual opportunity.”

“I would like to ask all of you to just be in closing, while we drink—drink to the health and the happiness of the President of the United States.”

Winston Looks to Post-War

Dr. Harry Trask, President of Brown University, urged this country and other democracies to make a vital and constructive effort to bring about a lasting peace after the present war is ended. If war comes to this country, he said, we should then do what he described as “achieve” and not to “defend” anything, in the way of a better, democratic world for the future.

“Given peace, he said, “therefore, more fundamental than guns, more fundamental than a better army, is the reawakening of faith in the validity of our ideals, a resurgence of faith in the democratic process, a readiness to see those ideals and that process operate upon an international scale.”

U. S. Woman Judge Refuses Apology for Burning Nazi Flag

Says All But Four of 500 Letters Received Complimented Act

LOS ANGELES, Feb. 11 (AP)—Municipal Judge Ida May Adams says she has no apology to make for burning a Nazi flag.

Secretary of State Hull requested Gov. Culbert L. Olson yesterday to investigate the incident.

"I shall be glad to give a complete report," said Judge Adams. "I have received 500 letters from all over the country and Canada. All but four complimented the act.

"I like the German people, but I have no respect for Hitler and the Nazi flag. It is not the flag of the German people, and I don't respect the Nazi brand of vandalism.

"The flag had caused one crime and I did not want it to cause another."

The flag burning came at the preliminary hearing yesterday in State Superior Court trial on an assault charge.

Dispatches said Secretary Hull had acted on a protest from German officials in Washington.

Democratic Minority

By HAL CONEFLY

THE MINORITY PARTY in any legislative body seldom shows to good advantage when the majority leadership is able to keep its members in line and presents a united front to the opposition on administrative measures and bills involving controversial issues.

This explains in part why the Democratic minority in the House didn't accomplish a great deal during the recent legislative session, in the way of blocking Republican legislation or in getting through measures that were not acceptable to the GOP administration.

Further than this, however, the Democratic minority was not a particularly strong nor impressive group in action, for other reasons. Majority Leader Harold W. Houston (R. Champaign) touched directly on one of these in a speech during a partisan scrap on the floor, when he said, in substance:

"The trouble with the Democratic minority is that it suffers from having too many disappointed leaders."

This was a reference to the vigorous fight in the Democratic pre-session caucus over the post as minority leader and the fact that subsequently Democratic Leader Harold L. Mason (Wyandot) did not always have the enthusiastic support of some of his opponents.

Under all the circumstances, Mr. Mason did a good job of leading the Democratic minority as should have been expected, and probably a better one than some of his opponents for the post might have done.

Most observers credit Miss Margaret A. Mahoney (D. Cuyahoga) with being the ablest and most effective woman legislator to serve in the Ohio Assembly since members of her sex have been eligible for election as lawmakers.

A second-timer, probably her best work during the recent session was in securing the enactment of her bill, sponsored by the Ohio Medical Association, to permit the establishment of medical service associations, to make adequate medical and surgical service available to low-income groups. Miss Mahoney did a good job, too, as a member of the special House committee that investigated the Lucas and Scioto county election contests.

Turkey Will Stick By Britain, Lehrbars Tells Women’s Bar

A prediction that the European war will not end for a "long, long time," that Turkey will side with Britain in defense of the Danes and that Japan will not attempt an American invasion was made last night at the annual banquet of the District Women’s Bar Association by a well known war correspondent.

Lloyd Lehrbars, the Associated Press writer who wrote the first eye-witness stories of the Nazi invasion of Poland, made the prediction as he recounted his personal experiences before nearly 200 persons present.

Lehrbars, who has covered the Sino-Japanese conflict as well as Nazi invasions of Norway and Denmark, said he thought the Turkish-British alliance would remain unshaken "unless the Soviet sides with Germany." He said he felt, however, that it was impossible to tell what the Soviet would do.

RULE FOR ADD 1

Politely refusing to convert his prediction of a "long" European war into a number of years, Lehrbars, who shared the rostrum as guest speaker with Miss Mary Craig McGeechy, a representative of the British ministry of economic warfare here, said it is impossible to forecast an exact length of time.

In stating a belief that Japan would not invade America, he added that although Japan lacked a first rate air force he "hoped one would discount the fact that they have a good air force.

Miss McGeechy, who preceded Lehrbars as guest speaker, told of the part played by women directly or indirectly on the floor.

"The trouble that it suffers is well known to all of us."

THIS WAS A REJUVENATION of minority leaders Democratic Lead did not always have their way.

Under all the good a job of leading should have been one that some of the opinion leaders have done.

MOSER is the most effective Ohio Assembly for the people's interests.

The assembly's most successful measure was the result of the special session of the House of Representatives in January.

Halifax Envisions Self-Government by U.S. of India

Federal Bar Association Told There Is No 'Lack of Will' by Britain

Lord Halifax, British Ambassador, last night envisioned for the future a self-governing "United States of India."

He did not indicate whether the British government would ever withdraw completely from that country, but he made it plain that there was no "lack of will" on the part of Britain to effect such a federation as soon as possible.

His remarks, made at a dinner meeting of the Federal Bar Association at the Wardman Park Hotel, were regarded as an answer to some critics of Britain’s policies in India.

Lord Halifax reminded his listeners of the problems of enforcing such a federation because of the racial and religious questions. There are some 200,000,000 people in India, who are divided into British India and the Indian states, the former comprising about three-fourths of the population and the latter about one-fourth, he pointed out. The Indian states are ruled by the maharajahs.

City Minority Problem

In British India, made up of 11 provinces, each having a cabinet and an Indian Prime Minister, live about 247,000,000 persons—90,000,000 of whom are Europeans and 177,000,000 Hindus, he continued. It was stated that these provinces were recently given their freedom, the Ambhashmi petition was granted, the greater number would rule, controlling the railroads, tariffs, etc., and this might put the rights of the minority group—the Indians—in jeopardy.

It was at this point that the speaker said that he was a "lack of will" on the part of Britain to give them self-government, but there were many problems to the step. He then said Britain some day hoped to create the "United States of India."

Just prior to his remarks about India, Lord Halifax had declared that "in the liberty of the dominion lay the strongest guarantee of unity."

More Than 400 Present.

In addressing more than 400 lawyers and guests, he said that all human progress had rested on the conception of justice under law between nations, between the state and the individual and individuals themselves. The foundation for law is respect for the law of God, he said, adding that this is "one of the things this war is about."

Law and Liberty have been termed as stamped on the opposite sides of the same coin.

War's Influence Upon Women Is Discussed

WHITE SULPHUR SPRINGS, Aug. 1—The influence of war upon woman's progress in business and professional world was discussed today at opening sessions of the biennial convention of Kappa Beta Pi, the legal profession's oldest sorority.

"War," said Mrs. Grace Brown Stiles, assistant U. S. attorney for the District of Columbia, "certainly is not a happy or a pleasant method for women to become more strongly entrenched in politics and law." Women will take their places in politics and business in increasing numbers should war come, said Miss Elizabeth Reed of Washington, grand dean of the sorority, who added, "We'd rather not have woman's opportunities enhanced by any such tragedy as an international war."

Women Attorneys’ Aid Outlined by Diplomat

WHITE SULPHUR SPRINGS,
Aug. 8—Women attorneys can help improve inter-American relations through promotion of uniformity in the laws of the nations and by encouraging legal education for persons in other fields of work, a U. S. state department representative said today.

W. Ray Vallance, attorney in charge of British affairs in the state department and secretary-general of the Inter-America Bar association, set those goals in an address at the convention of Kappa Beta Pi, oldest legal society in the country.

Kappa Beta Pi Meets at White Sulphur Springs

With the four Washington, D.C., chapters as hostesses the Eighth Biennial Convention of Kappa Delta Pi (International) was held at the Greenbrier Hotel, White Sulphur Springs, August 7-10.

The convention was noteworthy in a number of respects. The registration was unusually large and included three founders, Alice Craig Edgerton, Sue Brown Hassell and Charlotte Doolittle White.

Absence of proposed amendments to the constitution released time usually devoted to that purpose and a trip was taken to the Federal Institution for Women at Alderson, West Virginia. Some 100 members made the trip and after being received by Superintendent Hironimus were conducted through the institution, after which refreshments were served on the lawn.

The international complexion of the membership was reflected in the choice of speakers. At the Thursday evening dinner, devoted to South America, the speakers were Mr. James H. Wright and Mr. Roy Vallance of the State Department. Mr. Vallance is secretary of the Inter-American Bar Association and Mr. White has just returned after three and a half years as Secretary of Legation at Bogota, Colombia. Strolling minstrels rendered South American songs during the dinner. At the Plantation Party on Friday evening the speakers were both members of the sorority, Mrs. John G. Polard, widow of the former Governor of Virginia, and Miss Selma Borcardi, vice-president for the Americas of the World Federation of Education Associations. At this dinner the award was made to Alice Craig Edgerton, Honorary Grand Dean and Founder, for having won the prize song contest for the official Kappa song. The presentation was made by Hon. Margaret Mahoney, a member of the Ohio Legislature and a member of Alpha Alpha chapter in Cleveland.

The theme for the banquet Saturday evening was a patriotic one and the guest speaker was Miss Mary Craig McGeechey of the Ministry of Economic Warfare at the British Embassy in Washington, who spoke on "The Land of Our Allegiance." As a souvenir of this occasion each person in attendance received a copy of "The Washington Sketch Book." During the banquet Miss Carolyn Just, Dean of Province Two, on behalf of the chapters in that Province, presented to the Retiring Grand Dean, Elizabeth F. Reed, a miniature gold gavel to be attached to her sorority pin. Miss Reed completes six years in Grand Chapter, two years as Chairman of the Board of Directors and four years as Grand Dean.

The convention voted to offer its services to Civilian Defense Commissioner LaGuardia.
WHEREAS, the members of Kappa Beta Pi International
Legal Sorority named below have graciously and cap-
ably served as officers of the Sorority for the con-
cluding term: Honorary Grand Dean - Alice Craig Edg-

tion be extended to these officers, and

Nu Chapter To Initiate Cuban Lawyer

Kappa Beta Pi To Honor Havana Hostess Today

Senora Elena de Arcos Lebrredo of Havana, Cuba, will be initiated as an associate member of Nu Chapter of Kappa Beta Pi at a breakfast to be given by Province 2 of the international legal sorority at 11 a.m. today on the Washington Hotel roof.

Senora Lebrredo, who practices law in Havana, became interested in Kappa Beta Pi last March when many of its local members attended the first conference of the Inter-American Bar Association in Havana. She entertained for the group at the time and expressed the wish to join the fraternity. Her present visit to the Capital, where she has many friends, was planned in part in order that she might be formally initiated.

The wife of a surgeon in Havana, Senora Lebrredo is a musician and composer as well as a lawyer. Many of her songs have been published, not only in Cuba but in the United States.

Kappa Beta Pi has distinguished members in many of the Latin American countries.

The initiation ceremony today will be conducted by Miss Carolyn Just, dean of Province Two and a member of Nu Chapter, which is in charge of the Washington University chapter.

Kappa Beta Pi Province Fetes

Senora Lebrredo at Breakfast

Senora Elena de Arcos Lebrredo, of Havana, Cuba, was guest of honor at the breakfast on the roof of the Washington Hotel yesterday given by Province Two of Kappa Beta Pi, international legal sorority.

Senora Lebrredo was initiated by the Nu Chapter of Kappa Beta Pi of George Washington University as an associate member.

Senora Lebrredo is a prominent woman lawyer, who practices under the name of Elena de Arcos. Her husband is a noted surgeon. Senora Lebrredo is a musician and composer of note, and many of her songs have been published in Cuba and the United States.

Senora Lebrredo first became interested in the ideals of Kappa Beta Pi when a conference was held in Havana last March.

The initiation ceremony was conducted by Miss Carolyn Just, dean of Province Two and a member of Nu Chapter, assisted by other members of Nu Chapter.

Kappa Beta Pi already has many distinguished members in Latin America.

One of the projects of the organization at present is to foster good neighborliness between the Americas, and the members regard the initiation of Senora Lebrredo as another step in that direction.

Miss Just and other members of Province Two attended the convention in Havana last March and were entertained at the home of Senora Lebrredo.

Did you know that our Bernice Wesner is now Grand Dean (which is the top) of the Kappa Beta Pi legal sorority? She has fifty-seven chapters (student and alumnae) at her beck and call, scattered all over the United States, Canada, France and England. We think it must be rather Grand to be a Dean over so many sorority sisters. (How about cutting us in on a couple of your chapters?) We'll cut the kidding long enough, Bernice, to tell you that we think you're just a-doin' swell. Congratulations.

The beautiful bronze statue by Daniel Chester French shows Thomas Hopkins Gallaudet forming the letter "A" of the manual alphabet for his first pupil, Alice Cogswell. It was because of this little deaf girl, who was his neighbor, that Gallaudet first became interested in the welfare of the deaf, and in 1817 founded at Hartford, Connecticut, the first free school for the deaf in America.

This statue was erected by contributions from the deaf from every State, Territory, and District of the United States, and was unveiled in 1887, marking the centennial of the birth of Thomas Hopkins Gallaudet. In 1894 the Alumni petitioned Congress to change the name of the college from the National Deaf-Mute College to Gallaudet College in honor of Thomas Hopkins Gallaudet, who so truthfully has been called the "Friend, Teacher, and Benefactor" of the deaf in America.

The Hearts of Men

Because Gallaudet College is unique in that it is the only institution of its kind for the deaf, its seventy-fifth anniversary, beginning Sunday, transcends merely local significance and becomes of worldwide interest.

With Georgetown University celebrating its sesquicentennial and Catholic University its golden jubilee this year, it is equally fitting that attention be focused on Gallaudet, which for three-quarters of a century has been educating the deaf of America and the world to live in a hearing society.

After seventy-five years of life, Gallaudet College can look back on a group of hundreds of men and women graduates now earning good incomes, driving their own cars, owning their own homes and raising normal families. It can look back also on a large number of hearing men and women, often children of Gallaudet graduates, who have taken its normal course and gone forth to teach the deaf in the schools of the world.

Former Secretary of the Interior Wilbur was not exaggerating when he said: “Gallaudet is representative of the hearts of men as well as of their intelligence.”

Trek West For Women Lawyers

Many will Attend Bar Convention In San Francisco

A trek West for many of the women lawyers of the city is beginning now, with the annual National Convention of the American Bar Association, scheduled to be held July 10-14 in San Francisco, Calif., and with two other organizations, scheduled to meet prior to that convention.

Kappa Beta Pi International Legal Sorority will hold its convention July 8-16 at Estes Park, Colo., and the National Association of Women Lawyers is to meet in Oakland, Calif., July 7-8 immediately preceding the bar meeting.

The latter two organizations are both headed by Washington women, Miss Laura M. Byerly being president of the National Association of Women Lawyers and Mrs. Elizabeth P. Reed the grand dean of Kappa Beta Pi Legal Sorority.

Kappa Beta Pi also has another international officer here in Mrs. Grace Brown Stiles, who is grand registrar.

Both Miss Reed and Mrs. Stiles have been unanimously reappointed for their posts.

In addition to these two, other Kappa Beta Pis from Washington who will go to Estes Park include Mrs. Anna Moulton, dean of Province No. 2, and the following delegates from other parts of Omicron Chapter: Mrs. Clara Wilson of Eta Alumnae Chapter; Mrs. Mary Wheeler of Omicron Chapter, and Miss Wilma Van Deman of No. 1.

Members expecting to attend include Miss Catherine Myers, Miss Georgia Alexander, Miss Anna Boyle, Miss Elizabeth Salibury, Miss Harriet Fullerton, Miss Thad Spencer, Miss Margaret McDevillal and Mrs. Grace Dawson.

The so-called men's auxiliary to Eta Alumnae chapter of the sorority, while the husbands and "boy friends" of the chapter members, will be represented at the convention by Lewis Moulton, historian of the province.

A group is going to Bryce and Zion national parks and the Grand Canyon, which some of the local members are planning to take will follow the meeting.

DENVER IS PAID VISIT BY WOMEN LAWYERS

Group of Outstanding Feminine Members of Bar Arrives on Way to Estes Park Meeting of Kappa Beta Pi Sorority.

An outstanding group of women lawyers, many of whom have gained a wide reputation in the legal profession, passed thru Denver Wednesday on their way to a three-day convention of Kappa Beta Pi sorority, national women's legal organization, in Estes Park. A large delegation came on the City of Denver to join other delegates already arrived from the west coast. In the morning they took a tour of Denver and the mountain parks before leaving for Estes. About seventy women are expected to attend the convention.

The visiting delegates were met at the union station by a group of local lawyers, headed by Miss Anne Brandt, president of the local chapter of the sorority, and Mrs. Frances T. Karsh and Miss Vannie E. Cashman.

The convention will be held at the Stanley hotel in Estes Park, Thursday, Friday and Saturday. In addition to several business sessions, there will be a steak fry, roundup and trips thru the mountains.

Prominent among the women who arrived Wednesday was Mrs. Grace Stiles, grand registrar of the sorority. As assistant United States attorney, she is the only woman connected with the federal attorney's office in Washington, D. C.

Others who arrived were: Miss Elizabeth F. Reed of Washington, D. C., grand dean; Mrs. Clara T. Williston of Arlington, Va., retiring grand dean; Judge Phyllis Kelley of Chicago, assistant grand dean; Miss Bernice Wesner of Kansas City,

chairman of the board, and Mrs. Isabel S. Simonds of Chicago, editor of the sorority magazine.

There are about 2,500 women lawyers who are members of the sorority. Six hundred of these are active members. Ten of the sorority members now hold judgeships in various parts of the country. Most prominent of these is Judge Florence Allen of the United States district court of appeals in Ohio.

The North Carolina University Sigma Kappa, its twenty-sixth chapter, met at the University Club at the Staa
torado, July 12—13.
Elizabeth F. Walker, D.C., Grand President, presided over the sessions at which the members were entertained in the rooms adorning the chambers of the House of Representatives and the Senate some 2000 years ago. This cup is one of the prized possessions of the Sorority, a gift of Helena Normanton, first woman barrister of London, England, and Honorary Member.

In addition to the reports, there was discussion of strengthening of chapters, adoption of amendments to the Constitution and By-laws and a resolution authorizing the appointment of a national Committee on Alumnae Relations.

Probably the most significant action was the adoption of a national program which will also embrace the activities of foreign chapters. This program will consist of the establishment of a centralized bureau, working in connection with local chapters, of speakers from among the members of the Sorority, to address clubs, educational and civic groups upon the subject of the legal status of women. This activity will be largely among the alumnae. The student members will establish study clubs dealing to an extent with the same subject.

The convention enjoyed delightful interludes to the more serious work of the meetings at a “Howdy Luncheon,” “KBP Chuck Wagon Dinner,” Square Dance, Steak Fry and other entertainment carrying out the Western idea.

Kappa Beta Pi Meets in Estes Park

THE K B Π Legal Sorority held its twenty-fourth Convention, of which this was the seventh Biennial, at the Stanley Hotel, Estes Park, Colorado, July 6-8.

Elizabeth F. Reed of Washington, D.C., Grand Dean, presided at the meetings. On her desk stood at all sessions a loving cup which formerly adorned the chambers of the Roman Senate some 2000 years ago. This cup is one of the prized possessions of the Sorority, a gift of Helena Normanton, first woman barrister of London, England, and Honorary Member.

The Washington delegation took with them an invitation from the National Capital for the 1941 convention, which was accepted. The convention in 1941 will have special significance for Washington members, as many members of the organization favor the establishment of a national chapter house here. Members of Kappa Beta Pi of the District of Columbia and near-by states have been campaigning for it for some time.

Several members of Epsilon Chapter were guests of Omicron Chapter of Kappa Beta Pi at Omicron's summer cottage at Sylvan Shores, Maryland, at a beach party on August 13. Among those present were Miss Elizabeth Reed, Grand Dean; Mrs. Grace B. Stiles, Grand Registrar, Assistant District Attorney; Mrs. Helena Doocy Reed, president of the Women's Bar Association of the District of Columbia; Judge Ellen K. Raedy of the Municipal Court; Miss Beatrice Clephane, Director of the Legal Aid Bureau; and Mrs. Anna Nacrelli, Dean of Epsilon Chapter, Washington College of Law. Festivities including swimming, boating, badminton and other sports.

ELIZABETH F. REED
GRAND DEAN

The entrance of our nation into what our former president, Theodore Roosevelt, prematurely scanned as the field of Armageddon, brought forth the best of brains and intelligence of the then younger generation. Our Grand Dean, Elizabeth F. Reed, in 1917 was summoned from her hometown in Easton, Pennsylvania, to serve the colors.

At the end of the war she turned her thoughts to supplemental education, becoming a special student at George Washington University. Influenced by her close contacts with our government, plus a childhood ambition, she entered the Washington College of Law, and was awarded degree of LL.B. and LL.M. In 1925 she was initiated into Kappa Beta Pi Legal Sorority and became dean of her student chapter, Epsilon, and later dean of Eta Alumnae Chapter. In 1935 she was elected Chairman of the National Board of Directors, which office she held until 1937, when she resigned to become Grand Dean. So loyal has Elizabeth been to the Sorority, and its ideals, that she has been in regular attendance at Province and International Conventions since her initiation. She is well known among the Kappa Beta Pi members from coast to coast, and beloved by all who know her.

Among other organizations which she has served is the Alumni Association of Washington College of Law, of which she was president; Women's Bar Association of the District of Columbia, which she served as Corresponding Secretary and Vice-President; and she was instructor in the Law of Sales in the Washington College of Law from 1933 to 1938.

Miss Reed is admitted to practice before the District Court of the U. S. for the District of Columbia; U. S. Court of Appeals for the District of Columbia; and the Supreme Court of the United States. She is a member of the American Bar Association, Federal Bar Association, Women's Bar Association of the District of Columbia, Rhode Island Avenue Citizens Association, and of the historic New York Avenue Presbyterian Church in Washington, D. C.

Women's Association Will Hear Speakers Experienced in Personnel

The Women's Professional Panhellenic Association prepared to discuss factors in the selection of applicants for positions this afternoon as it began the second day of its three-day biennial national convention at Wardman Park Hotel. Committee meetings and a business session were held this morning, but interest centered in the employment round-table to follow luncheon. A number of speakers with experience in personnel are to lead the forum.

In line with its interest in increasing employment opportunities for women, the convention yesterday afternoon adopted a resolution to sponsor an advisory committee or council to develop the work of professional women and to further their employment. Provision was made for membership of the committee or council to include representatives of various businesses and professions and any others interested in promoting the general objectives of the group, as well as association members. The resolution was introduced by Miss C. Virginia Dinkie, a member of the Program of Work Committee.

Through this body the association expects to establish direct contact with representatives of businesses and professions and to acquaint such persons with the capabilities of the women.

Officials and distinguished members of the association were introduced last night at a banquet at which the national president, Mrs. Vashni Burr Whittington of this city, presided. Mrs. Whittington was in turn, introduced by Miss Catherine L. Vaux, vice chairman of the Banquet Committee.

The principal address was made by Hugh Crigg, assistant director of the Federal Bureau of Investigation, who spoke in connection with the W.P.A.'s observance of the sesquicentennial of the Constitution.

Dean Grace Hays Riley of the Washington College of Law spoke on the attitude of women in business and professions, while Miss Elizabeth R. Reed spoke on behalf of the hostess chapters.

The program included songs by Helen Clary, contralto, accompanied by Mary Izant Cough.

Exhibit Stresses
Slum Conditions
In Washington

Many of the Nation's leading professionals—lawyers, musicians, educators and businesswomen—gathered at the Wardman Park Hotel today for the Ninth Biennial Convention of the Women's Professional Pan-Hellenic Association, which will meet here for three days.

Their attention was drawn to a display set up in the hotel lobby by the Washington Housing Association, which asserts in pictorial fashion that efforts of the District Alley Dwelling Authority have not eliminated many of the worst Washington slums.

"Washington's Dead End."

The exhibit shows homes built before the Civil War, in which as many as four families live. Under the caption "Washington's Dead End," the exhibit depicts children playing in filthy back yards and alley-ways. Many of these homes have no indoor water supply or other conveniences, and are of frame construction, constituting a fire hazard, the pictures indicate.

Today's sessions were of a strictly business nature, with reports of committees and officers presented.

President of the organization is Mrs. Vashti Burr Whittington, a Washington resident who rushes up to Harrisburg, Pa., each week to practice law. She was formerly deputy attorney general of Pennsylvania and is known as an expert on taxation questions.

Banquet Tonight.

Speakers at the convention banquet at 7 o'clock tonight will include Hugh H. Clegg, assistant director of the Federal Bureau of Investigation, who is expected to tell the women how they may further the democratic process; Elizabeth F. Reed, a District lawyer, admitted to practice before the Supreme Court, and Mrs. Grace Hays Riley, dean of the Washington College of Law. Helen Turley, former radio soloist, will sing.

Tomorrow and Sunday will be occupied with sightseeing and discussions of employment problems with personnel executives of industry and Government.
Council Is Urged To Direct Work Of Women's Group

A move toward an inter-Panhellenic council, which may include representatives of women's professional, social, educational and honorary fraternities, was made at the closing session of the Women's Professional Panhellenic Association here yesterday.

A committee to act if such a council is created was named to include Miss Gertrude Evans, of Ithaca, N. Y.; Miss Mabel Lee Walton, of Clermont, Fla., and Mrs. Ellen J. Schoper, Washington D. C. Creation of the council will depend on the National Panhellenic Congress, Mortar Board and Association of Education sororities.

Mrs. Fred M. Sharp, secretary of the latter association, speaking at the closing luncheon of the convention yesterday, urged greater efforts in "interfraternity" co-operation.

Mrs. J. D. Grigsby, past president of Delta Delta Delta, gave the background of the movement. Miss Pauline Camper, of Farmville, Va., spoke on "Fraternities at State Teachers Colleges."

MRS. WHITTINGTON Re-elected
National President; Three-Day
Session Ends Today

BY FRANCES LILE

Trends of employment, in both private and public fields, in deciding
whether women are being threatened or benefited by the
recent developments in the women's liberation movement,
were discussed by several speakers before the annual convention of the Women's Panhellenic Associa-
tion at the New Mexico State University's Hotel Edmond yesterday afternoon.

The convention, which will close its three-day session today, began
with a panel discussion on the current job market and its effect on
women. Several speakers, including Mrs. Whittington, discussed the impacts on
women's employment and labor force participation.

Mrs. Whittington was re-elected as National President of the Women's Panhellenic Association. The convention closed yesterday with a final address by Mrs. Whittington, who thanked the attendees for their participation and outlined future plans for the association.

Mrs. Whittington, a prominent figure in women's rights and employment issues, has been a strong advocate for gender equality and fair employment practices. Her leadership has been instrumental in advancing the cause of women in the workforce.

The convention, which was held at the New Mexico State University's Hotel Edmond, attracted a diverse group of women from various parts of the state. Discussions focused on the challenges faced by women in the job market and strategies to overcome these challenges.

Mrs. Whittington emphasized the importance of continued education and training for women to keep abreast of new developments in the job market. She encouraged attendees to stay informed and involved in advocating for equal opportunities in the workplace.

The convention concluded with a closing ceremony, where attendees had the opportunity to network and discuss future plans for the Women's Panhellenic Association. Mrs. Whittington expressed her gratitude for the support and participation of all convention attendees and looked forward to future collaborations.

The Women's Panhellenic Association is committed to promoting gender equality and advocating for women's rights in the workforce. Through its programs and events, the association aims to empower women, support their careers, and create a more inclusive and equitable work environment.

With the conclusion of the annual convention, the Women's Panhellenic Association enters a new chapter, ready to continue its efforts in advancing women's rights and employment opportunities. Mrs. Whittington's leadership and the energy of the convention attendees will undoubtedly propel the association forward in its mission to create a world where women can achieve their full potential.

Will Open Friday
1,000 Women Expected to Attend
Three-Day Sessions at Wardman Park Hotel

By FRANCES LIDE,
Women's Club Editor.

What factors are considered by employees in the selection of applicants for positions?

This is one of the principal questions to be raised and studied this week during the ninth biennial convention of the Women's Professional Panhellenic Association at Wardman Park Hotel Friday through Sunday.

About 1,000 women, between 100 and 200 from out of town, are expected to attend sessions of the Capital for the first time since the Panhellenic was organized here in 1925 by a committee of which Mrs. Mabel Walker Wildebrandt was chairman.

The association now has 550 chapters in 220 colleges throughout the United States, with its national president, Mrs. Vashti Burr Whittington, residing in Washington.

Bureau of Information
Launched Two Years Ago.

Interest in the development of professional opportunities for women prompted the W. P. P. A. two years ago to authorize the launching of a bureau of information which would serve member units by ascertaining which fields are open and which the most vacancies are probable in the various occupations. Information obtained for this bureau has, up to the present, been made available through the W. P. P. A. Bulletin, its official publication.

Further plans of procedure in the development of the bureau are to be considered at the convention here, and, as a highlight, an employment round-table luncheon will be held.

Speakers will include Miss Helen Sioussat, of New York, assistant director of education and radio talks on the Columbia Broadcasting System; Albert M. Boyd of Philadelphia, personnel director of the Philadelphia Electric Co., and a member of the National Association of Manufacturers; Miss M. O'Hara of Wilkes-Barre, the first woman Secretary of State of the Commonwealth of Pennsylvania; Ernest Kelly, director of the Pennsylvania Bureau of Employment Compensation and Employment Service; and Dr. Arthur S. Fleming of the United States Civil Service Commission.

Invitations to this luncheon have been extended to more than 30 women's clubs in Washington and to 16 groups of business and professional women out of the city.

Forum Luncheon Planned
For Next Sunday.

The W. P. P. A. also expects to consider campus and fraternity relations at a forum luncheon next Sunday. In order to have a full discussion on possible means of cooperation on common problems, this luncheon will bring together members of all the college panhellenic groups representing the social, professional and educational women's fraternities and the Mortar Board, women's honorary fraternity.

Speakers at the forum will be Misses W. P. P. A., who will be a banquet Friday night which will be principally an occasion for those attending to become acquainted. Chief address will be made by Hugh H. Clegg, assistant to the director of the Federal Bureau of Investigation. Dean Grace Hayes Riley of the Washington College of Law, and Miss Elizabeth F. Reed, grand dean of Kappa Beta Pi, also will speak. Miss Reed will represent the hostess chapters which are the active and alumnae chapters of Kappa Beta Pi, Phi Delta Delta, Sigma Sigma Sigma; the alumnae chapters of Phi Chi Theta and Sigma Alpha Iota, and the unorganized alumnae of Phi Beta who are residing here. These chapters represent the fields of law, education, commerce, music, drama and dance.

Music is being arranged for all three programs. Helen Turley, contralto, accompanied by Mary Izant Couch, will sing Friday night; Dorothy Beatty Mitchell, soprano, accompanied by Florence Street Elliott, at the Saturday luncheon, and a string trio, composed of Caro-

all of the musicians, with the exception of one of the accompanists, is a member of Sigma Alpha Iota, a hostess chapter.

PANHELLENIC UN Hears Speakers Laud Fraternities

By VYLLA POE WILSON

Fraternal organizations as such were defended as democratic means of encouragement to individual self expression by three speakers at the closing session yesterday of the ninth biennial convention of the Women's Professional Panhellenic Association, at the Wardman Park Hotel.

The defense of fraternal organizations is on the defensive was pointed out by Mrs. J. D. Grigsby, past president of Delta Delta Delta, the sorority's official delegate to the convention.

She called attention to statements of several university heads who have recently questioned the value of fraternities, among them Dartmouth College's Ernest Martin Hopkins.

At Dartmouth, she said, fraternities were asked to take an inventory of themselves, with the suggestion that if they could not measure up to the standards of the college as well as to their own idealism they might better be removed from the campus.

Mrs. Grigsby noted that the fraternities stayed.

Miss Pauline Camper, official representative of Sigma Sigma Sigma in W.P.P.A., told the members that the meaning of sororities to the typical student at a State teacher's college is demonstrated.

This student comes from a middle-class family of four or five children, Miss Camper said, in which the individual counts for much, and to which, in turn, the family counts much.

At college the sorority takes the place of that family, while presenting opportunities for social activities the family does not provide.

The sorority emphasizes the democratic way of life by respecting the worth of the individual, Miss Camper continued. "One must destroy the idea that the sorority isn't democratic," she concluded.

This thought was developed by the next speaker, Mrs. Fred M. Sharp, past president, Alpha Sigma Alpha.

"A fraternal organization's size, or its endurance, is or age, are not essential features," she said.

"Its real value is its service to the individual and its cooperation with other fraternal organizations," Mrs. Sharp asserted.

Yesterday's session closed the convention's three-day meeting here.

Kappa Beta Pi Legal Sorority to Hold Biennial Convention

by ISABELLE S. RICE

TO KAPPA ALPHA PSI'S biennial provincial convention come women law students and law students from Northwestern states this week to spend three days at the Edgewater Beach Hotel, Chicago, considering such important subjects as the progress being made by the legal sorority in the national program of study on the legal status of women ... and after convention hours to enjoy a round of social events arranged by the hospitable Chicago group.

Among national officers who'll attend the meeting are Miss Esther Talk of Cleveland, grand chancellor; Howard Jansen of Chicago, custodian of ritual; Mrs. Raymond S. Simmons of Highland Park, editor of the Kappa Beta Pi quarterly; Miss Margaret A. A. Sweeney of Cleveland, member of the board of directors and a member of the Cabin legislature; and Mrs. Richard J. Green, president of the Kappa Beta Pi alumnae chapter.

Register Delegates

Miss Jansen and Miss Coree Green of Chicago, have chosen 20 alumnae members of alumnae chapters and guests who will come from the State University of Iowa, University of Washington and University of Wisconsin, to represent them at the convention.

Charlotte A. Welsh of Chicago, elected president at last year's convention of the Chicago chapter, and Marquette University alumnae businesses include alumnas and of its national policy and it was a member of the Conference of Law Fraternities until that group combined with the Professional Interfraternity Council of Chicago. Kappa Beta Pi is a member of the Professional Panhellenic Association.

Forty-eight Chapters

With forty-eight college chapters as well as a large group of alumni chapters, it is the aim of the sorority to give the young woman stepping out in her profession a feeling of sociability and an incentive to practice. Founders of the group are Miss Caroline A. Clark, Miss Mary S. Connerly, Miss Claire G. Green, Miss Coralie M. Kelley, Miss Flora M. Kelley, Miss Nettie R. Lewis and Mrs. Alice Craig of Chicago; and Miss Emma Smith of Michigan, University of Michigan, University of Chicago and University of Illinois. America's Second Fight for Freedom
1776 — 1940

In 1776 our forefathers struck their first blow for freedom. As a result, the American dream became a reality. Today that dream and that freedom are menaced from without. With the fall of freedom in America, lights would go out over the whole world. What chance have we to keep them burning? That is the question which the Herald Tribune's Tenth Annual Forum will try to answer.

Urges End of Name-calling in Discussions of Political Affairs—Addresses Fraternities.

Name-calling must cease and there must be a passionate discussion of public affairs if democracy in the United States is to be preserved, Wendell L. Willkie declared in an address last night before the thirty-second annual dinner of the National Interfraternity Conference.

A roaring ovation was given the Republican standard bearer by the 1,660 men and women assembled at the Hotel Commodore.

He hammered home the principle of loyal opposition, which he insisted had to be a part of a political election, and pleaded with the audience to aid him in putting an end to the pure vilification and personal argument in which, he said, some members of both sides indulged during the recent campaign.

The audience cheered and applauded when Mr. Willkie at the conclusion of his address proposed a resolution declaring, "The President of the United States.

Free Enterprise in Democracy.

The free enterprise system of economy is inevitably associated with democracy, Mr. Willkie said, and therefore the opportunity for achievement and a people to hold their own against the dictators.

He restated his belief that America remains a country where every man has the right to own a farm and to fight the men of Brazil. "I believe that it is for America as a whole to give that right to Britain," he added. "It is for us to build armaments for itself."

Before being introduced by Lowell Thomas, correspondent, Mr. Willkie received the diamond pin of Phi Delta Upsilon fraternity, from William A. Ross of Birmingham, Ala. The only other man to have been so honored is President Roosevelt.

Mr. Willkie also received a medal from his own fraternity, Beta Theta Pi, the president, Dr. William Dawson, making the presentation. Mr. Willkie had been presented with an honorary pin of her society, Kappa Delta.

Dr. Henry Merritt Wriston, president of Brown University, urged that this country join with other democracies to bring about a lasting peace world at the end of the present war.

Medallions for Services.

He presented gold medallions awarded by the National Interfraternity Conference for distinguished service to youth through the American college fraternity, to Albert Eugene Hart, lawyer; and Dr. Alfred M. Scott, president of the University of Maine.

The address was followed by a discussion on the "Man of Manuel," both of New York City.

Campaign Cry Heard.

Mr. Willkie took time out from a Florida vacation for his speech. He was scheduled to arrive upon his return to the city at any time during his campaign. "We have had many crises, he said, "and the current crisis, he said, was heard often at the dinner, is being met in an organized way. It gives me great comfort to point out that the processes of democracy are weakened, he said in his address. It is a man's right to be free, to think, to speak and to vote.

"If you trace the history of de-partment of commerce and the Treasury, you find that it always collides and disappears under bankruptcy or under inflation. The economic depression, America in the next few years must determine its foreign policy, whether or not we shall pay debt on top of debt, whether or not we shall become a national indebtedness to such a point that inflation will come, or the back of the people will be broken with excessive taxation.

Medals were awarded to Albert Eugene Hart, past president of Chi Phi fraternity, and Alex Emilio Durr, past president of Delta Tau Delta, for distinguished services to fraternities and education.

The conference earlier re-elected A. H. B. Galtier, Sigma Chi member of Allegheny, Mass., as chairman. Other officers are: David K. Read, Delta Tau Delta, vice chairman; Roy A. Wilson, Lambda Chi Alpha, treasurer; and G. Priest, Beta Theta Pi, secretary.

All these are of New York City.

At the afternoon session yesterday the delegates were asked by President William D. Van K. E. Edder, chairman of the "Bird,"

(Contrasted page over)

His speech was addressed to the politicians for the purpose of setting down the problems that must be considered by the American political leaders in their campaign for public decisions in America. He was more than merely a hopeless, because he brought to the fore a subject that has been discussed in the recent campaign and one that has been neglected by the politicians.

Willkie's speech was received with enthusiasm by the people of the country.

and severe test” in history as the only system of government with the “free enterprise system of economics,” which he said was “inevitably” associated with it, that has given man hope and opportunity for achievement and a fuller life.

America must make decisions in the next few years which will determine whether democracy will survive and should discuss them dispassionately, he asserted.

“If you trace the history of democracy,” he continued, “you will find that it always collapses and disappears under bankruptcy or long continued economic depression. America in the next few years must determine its fiscal policy, whether or not we shall pile debt on top of debt, whether we’ll increase the national indebtedness to such a point that inflation will come, or the back of the people will be broken with excessive taxation.”

He said this must be discussed without regard to personalities, adding: “I care not whether the man who leads me in the struggle for what I believe in was engaged in business, politics or agriculture so long as he advocates with ability, knowledge and understanding.”

Mr. Willkie stated again his belief that “we must continue at an ever-increasing rate to help the fighting men of Britain to preserve that rim of freedom that is gradually shrinking, and which if we permit it to continue will shrink to the edge of our own shores.”

“I believe that it is as necessary for America to give that aid to Britain,” he added, “as it is to build armaments for itself.”

“Yet,” he went on, “I say that in a democracy where men believe that the United States should wholly preserve itself from within, that presents an honest issue that must be determined by the American people after full, free discussion. It does no good to say of the man who believes we must send help to that rim of freedom that he’s a warmonger, or of the man who believes America should protect itself wholly within these shores that he’s a fifth columnist, or a Nazi or something else.”

No Help in Reaching Decisions

“Such characterization, such mere words, do not help this great people in this difficult time to arrive at just and proper and wise decisions. My faith in democracy is such that I believe the collective judgment of the people, after listening to both sides, may be wiser and better than those, whoever they may be on either side, who think the wisest course of discussion is to destroy your opponent rather than answer his argument.”

Asking everybody in his audience to “join in elevating the level of American public discussion so that America may play its true part in this historic and all-determining time in the world’s history,” Mr. Willkie said this country, as “the one remaining great democracy, the one country where liberty still survives, must show the world not alone by precept but by example that democracy is not alone the most pleasant way of life, but is also the most effective way of life.

“We must so lead the world in the next few years,” he said, “that peace again will come—not the peace of appeasement, but a peace in which democracy will survive, in which the trade routes of the world will once again be open, because the birds of commerce carry with them the peace of democracy and individual opportunity.

“I would like to ask all of you to arise,” he said in closing, “while we drink—drink to the health and to the happiness of the President of the United States.”

Wriston Looks to Post-War

Dr. Henry Merritt Wriston, president of Brown University, urged this country and other democracies to make a “vital and constructive effort” to bring about a lasting world peace after the present war is ended. If war comes to this country, he said, we should fight to “achieve” and not to “defend” something, in the way of a better democratic world for the future.

“If we are ever to have peace, therefore, more fundamental than guns, more fundamental than butter, is the reawakening of faith in the validity of our ideals, a resurgence of faith in the democratic process, a readiness to see those ideals and that process operate upon an international scale,” he said.

Dr. Wriston presented a gold medallion, from an unidentified donor, to be awarded annually to the person who in the estimation of the National Interfraternity Conference executive committee shall have made the greatest contribution in promoting the college fraternity as a constructive force in the social and educational program of those colleges and universities at which fraternities of the conference function.

Dr. Dixon Ryan Fox, president of Union College, presented a fourfoot bronze statue from another unidentified donor to be awarded annually to the interfraternity council of any educational institution in the country which is held to be most outstanding in its constructive contribution to educational and social progress of its institution.

Medals were awarded to Albert Sprague Bard, past president of Phi Kappa Pi fraternity, and Alva Emile Duerr, past president of Delta Tau Delta, for distinguished services to fraternities and education.

Lowell Thomas, a member of Kappa Sigma fraternity, was toastmaster. He was introduced by Dr. Harry S. Rogers of Alpha Tau Omega, president of Brooklyn Polytechnic Institute, after Reinhard Warrensang “The Star-Spangled Banner” and the Rev. Paul Hickok of Alpha Tau Omega, of Newark, N. J., gave the invocation.

One hundred and fifty men of the combined glee clubs of Dartmouth College and Cornell University sang fraternity, college and patriotic songs. When Mr. Willkie arrived he was greeted with “The Beta Loving Cup,” a song of the Beta Theta Pi fraternity, which he joined at Indiana University.

Long War Forecast
By Correspondent at Women's Bar Dinner

Lloyd Leibhass Says
Russia Playing 'Both Ends Against Middle'

Nearly 200 guests of the Women's Bar Association of the District of Columbia last night heard a newspaperwoman's prediction that the war will last "for a long, long time." The most serious danger, she said, is defeat of possible invasion, Lloyd Leibhass asserted. The Germans are so spread out over Europe that the conquered peoples can defeat her on her own lines for several years, he predicted.

Miss Mary Craig McGeachy, representative of the Ministry of Munitions, accompanied by the British embassy, last night at the dinner group at the Maryland Hotel, where the Embassy commanded, "striking the army, navy and Naval Air Force to death" to stop their war services in Britain, Mrs. Craig McGeachy, who drove military men to battles in narrow London streets and bored themselves with unending tasks before and after the war, of necessity, nevertheless found the habit of service helpful in the real emergency, she said.

Old Law "Blamed Out."

Psychiatric wards for expected cases of shell shock have been turned into nurseries, she reported. Great improvement in the practice of law, in England as in England, Miss McGeachy quoted a London lawyer as saying, because destruction of stenographers and secretaries in London and record books has lessened the number of time lost in the courts.

Answering questions from the audience, Mr. Leibhass, who covered the First World War, three years before the war of 1918, the war of 1918 and the Italian invasion of France, stated that Russia's part in both conflicts was going on in Europe and the Orient was "playing both ends against the middle." Russia helps China just enough to enable her to keep the Japanese out, Mr. Leibhass said. As long as the Italians continue to make easy acquiescences through Hitler, they will do little to oppose him, he pointed out.

Although he expressed confidence that the Japanese will not come over to bomb the United States, Mr. Leibhass warned that Japan's practice in Shanghai has given Japan a good reputation.

The Turks will stand firm with the British, he said, unless the British attack from behind, he predicted.

Mrs. Elizabeth A. Cox, president of the association, introduced Miss Helen Newman, librarian of the George Washington University Law School, who presided. Mrs. Anne S. Muirgrave was chairman of arrangements.

Among the "sensations" expected were the Democratic minority as unexpected, and probably a better of his opponents for the post might have the enthusiastic support of constituents.

Under the circumstances, Mr. Mason das was expected and Mrs. Elizabeth Reed, an "old-timer," was expected as well.

V.E.R.A. credit Miss Margaret V. McGeahy with being the ablest and woman in the service of men of her sex who have been known as law-makers, nor, probably its worst threat in the country, is the establishment of medical, to make adequate medical, medical insurance available to low-income groups, the post might be a good job, too, as a member House committee that investigated Federal county election contests.

Louise O'Neill, will travel to the States Court of Appeals District, a patron of the event, will speak.
Portias Told Of British Valor

Miss McGeachy Describes Heroism

A simple story of British courage, fortitude and determination to win the war was sketched in deft, impressionistic strokes by Miss Mary Craig McGeachy, representative of the Ministry of Economic Warfare, attached to the British Embassy, before the District Women's Bar Association last night.

Speaking at the annual dinner of the association at the Mayflower Hotel, Miss McGeachy pointed her brief address with the story of a British couple in a London bomb-shelter arguing about how they would rebuild their home after Britain had won the war.

At the outbreak of the war, Miss McGeachy said the English women "made themselves something of a nuisance" in their efforts to serve the country, but she added, the freedom gained by women before the advent of war became an asset.

"The fact that women now are serving in various capacities in England has somewhat settled the status of women there," she said.

Speaking of the destruction wrought by German bombs in London, she said: "We have lost many relics of brick and mortar, but we have not lost the will to rebuild with brick and mortar."
Halifax Envisions Self-Government by 'U.S. of India'

Federal Bar Association Told There Is No 'Lack of Will' by Britain

Lord Halifax, British Ambassador, last night envisioned for the future a self-governing "United States of India." He did not indicate whether the British government would ever withdraw completely from that country, but he made plain that this would not be a "lack of will" on the part of Britain to effect such a federation as soon as possible.

His remarks, made at a dinner meeting of the Federal Bar Association at the Wardman Park Hotel, were regarded as an answer to some critics of Britain's policies in India.

Lord Halifax reminded his listeners of the problems of effecting such a federation because of the racial and religious questions. There are some 338,000,000 people in India, who are divided into British India and the Indian states, the former comprising about three-fourths of the population, and the latter about one-fourth, he said. But of the Indian states are ruled by the maharajahs.

Cities Minority Problem.

In British India, made up of 11 provinces, each having a cabinet and an Indian Minister, live about 2,470,000 persons—70,000,000 of whom are Moslems and 177,000,000 Hindus, he continued. If these problems were suddenly given their freedom, the pledged promise was to be the number would rule, controlling the railroads, tariffs, etc., and this might put the rights of the minority group—the Moslems—in jeopardy.

It was at this point that the speaker said there was no "lack of will" by Britain to give them self-government, but there were many problems to the step. He then said Britain some day hoped to create the "United States of India!"

Just prior to his remarks about India, Lord Halifax had declared that "in the liberty of the dominions lies the strongest guarantee of unity."

More Than 400 Present.

In addressing more than 400 lawyers and guests, he said that all the human progress had rested on the conception of justice under the law and the individual and individuals themselves. The foundation for law is respect for the individual word, he told them, adding that this is "one of the things this war is about."

Law and liberty he termed as "staples of the same coin" and said there is "no liberty without law and no law without liberty."

He was introduced by Paul V. McNutt, Federal security administrator. William E. Reese, president of the association, presided. Musical selections were given by Charles Towbridge, soloist, and Mrs. Mona L. North, violinist.

FOR KAPPA BETA PI

(Tune: Ald Lang Syne)

By Alice Craig Edgerton

First came the Founders dreaming of a strong fraternal tie;
They laid a firm foundation for a building by and by.
And there we placed a structure that is long and broad and high,
A Union known the world around as KAPPA BETA PI.
When statesmen said that legal work by women can't be done
They set for us a shining goal; and that's the goal we've won.
For places on the bench and bar we seek with eager eye,
And one by one we capture them for KAPPA BETA PI.
Our Kappa names are legion now among the truly great;
And Kappa names may now be found in every hall of state.
From mountain, plain, and ocean, we will shout them to the sky,
The well beloved and honored names of KAPPA BETA PI.
But still the bond of sisterhood is strong within each heart;
And still the colors Gold and Blue their messages impart;
And still we pledge our loyalty whene'er we say goodbye—
We'll meet again, and yet again, in KAPPA BETA PI.

THE FIRST ORGANIZED GOLF CLUB IN THE UNITED STATES

Down in the hills of West Virginia, just about two miles from the present forty-five-hole layout of The Greenbrier Golf and Tennis Club at White Sulphur Springs, lies what was once the Oakhurst Golf Club. This club, organized in 1884, was the first organized golf club in the United States.

The five members of this early club were met from the far corners of the world. There was Mr. Russell W. Montague, a New Englander who had attended Harvard; Mr. George Grant, a Scotchman who had found for himself a magnificent estate in Greenbrier County; two brothers, Alexander and Roderick McIntosh McLeod, Scotchmen, who hailed originally from Dalvey, near Forres, Morayshire; and the fifth member, Lionel Torrin, a young Scottish tea planter who arrived from India in 1884 to visit his uncle, Mr. Grant.

It was when Grant suggested the building of a course on which young Torrin might continue to play the grand old game they had all enjoyed in the old country that Mr. Montague generously offered his place as the site. And so, with the help of farm hands, the first tee was constructed immediately in front of Mr. Montague’s home. You played from there across a small gulch onto a still higher knoll to the first green. It was a one-shotter, but difficult with the old clubs and the lifeless gutty ball. Then you played across the lower part of the slope leading up to the house and thence along a side-hill fairway that led to the second green, the longest hole of the course. Thence back and forth across the valley lying below to other holes, eventually up to the slope to the house for the ninth hole. Altogether, as can be readily seen today, a fine and creditable course.

Together the five members chipped in and bought a medal (replica now at golf office) for the prize in tournament matches which were held at regular intervals. At last, however, the club broke up when the members drifted away. Torrin went back to India, but later moved to England. Grant also came to spend most of his time over there, while Mr. Montague himself continues to live here during the summer and in Richmond during the winter.

The Greenbrier Golf and Tennis Club, with its superb facilities of today, enjoys a heritage to boast of—and a tradition to carry on.
